### Unit Overview

Dear Family,

This unit is all about combining sets using objects, fingers, and number paths. Students will also solve addition word problems.

+

plus

$$3 + 2 = 5$$

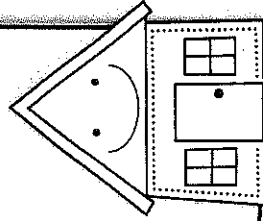

### Unit Vocabulary

**combines:** students will put numbers and objects together to get a bigger number or amount

**add:** to bring two or more numbers (things) together for a new total

### Unit Hands-On Fun

- Roll two dice. Have your child add the numbers to get a total.
- Using a deck of cards only numbers 1-9. Have your child flip two over and add them together.

### Week Snapshot

Dear Family,

Boom! Crash! Crack! Snap! Storms can be scary but they are part of our weather and are important. Being informed about storms can make us less scared when we are aware of what is going on. This week we will learn about storms as we read and discuss our story Storms by Miriam Goin. We will use photographs of storms and write our own captions in our writing.

### Vocabulary

- **weather:** What it is like outside at one place, at one time.
- **crystal:** A shape that is the same on many sides
- **electricity:** Energy that can make heat and light
- **funnel:** A cone shape, wider at the top

### Poem of the Week

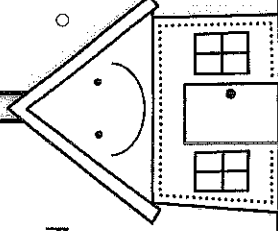

#### It's Raining

It's raining, it's pouring,  
The old man's snoring.  
He got into bed  
And bumped his head  
And couldn't get up  
in the morning.

### Activities

Here are just a few activities you can do at home with your child this week!

- Go fly a kite if it is windy out.
- Make your own kite together as a family.
- Make a storm in a jar. Put water in a jar. Add shaving cream on top. Add drops of blue food coloring, to show it raining. Add other colors.
